The requirement to submit “audited accounts” is to assure the Government that:

- (a) the project funds were fully and properly applied to the project for which they were paid, and received and expended in accordance with the approved project budget; and
- (b) the RO complied with the funding terms and conditions in the administration, management and usage of the ITF project.

These notes aim to provide guidance for Auditors of ROs in conducting reasonable assurance engagements and in preparing auditors’ reports for each ITF project.

- c. assessing significant estimates and judgements made by the RO in the preparation of the annual/final accounts, and whether the accounting policies have followed the requirements of ITF, consistently applied and adequately disclosed; and
- d. evaluating the overall adequacy of the presentation of information in the annual/final accounts.

obtain all the information and explanations which they consider necessary in order to provide them with sufficient evidence to give their conclusion as to whether the RO has complied with, in all material respects, the requirements set by the CIT (including the requirements to keep proper books and records and to prepare annual/final audited accounts of the project), and all the terms and conditions of ITF funding, as specified in the following documents:

- (a) the project agreement made between the HKSAR Government and the RO in respect of the project and the appendices thereto (which includes the project proposal);
- (b) relevant ITF guidelines¹ referred to in the project agreement⁴; and
- (c) all applicable instructions and correspondences issued by the CIT to the RO in respect of the project.

3. The Auditors should comply with the Hong Kong Standard on Assurance Engagements 3000 (Revised) “Assurance Engagements Other Than Audits or Reviews of Historical Financial Information” issued and updated from time to time by the Hong Kong Institute of Certified Public Accountants⁵. The following information is required in an auditors’ report prepared by the Auditors to be submitted to CIT -

- (a) the Auditors should state whether, in their conclusion, the RO has complied with, in all material respects, the requirements set by the CIT (including the requirements to keep proper books and records and to prepare annual/final audited accounts of the project), and all the terms and conditions of ITF funding, as specified in documents mentioned in paragraph 2 above;
- (b) if the Auditors are of the opinion that there exists any material non-compliance as identified in paragraph 3(a) above, they should make full disclosure and quantify the effects of such non-compliance in the auditors’ report; and
- (c) if the Auditors are of the opinion that a proper and separate set of books and records have not been kept by the RO for the project, or the project accounts have not been properly prepared, or if the Auditors fail to obtain all the information and explanations which are necessary for the purpose of their reasonable assurance engagements, they should make appropriate qualifications in

⁴ In case there are written agreements to the otherwise, such agreements shall prevail to the extent where the context so permits.

their auditors' reports.

4. The Auditors should plan and conduct the reasonable assurance engagement to satisfy paragraphs 2 and 3 above. In case of any ambiguity regarding the terms and conditions contained in the project agreement and rules and regulations governing ITF projects, Auditors should seek clarification from the ITF Secretariat. Any unreasonable reservation or denial of conclusion, for example, comments about ambiguity of ITF guidelines or requirements, expressed by Auditors in the auditors' report, will be returned to ROs for rectification before re-submission.

5. The Auditors may come across during the course of their reasonable assurance engagements weaknesses/breakdown in internal control which are considered material. They should bring to the RO's attention the details of such weaknesses/breakdown and provide the RO with their recommendations for improvement by setting them out in a letter to the RO. A copy of such letter should be sent to CIT for reference and action as appropriate.

6. Auditors are expected to follow the specimen auditors' report as attached at the Annex.
